grill v. 烧烤/fixing n. 调料/grilled cheese fixing n. 烤起司配料/family-size adj. 适合(足够)全家用的/Funyuns is the brand name of an onion-flavored corn chip introduced in 1969. The 'chips' are ring-shaped, like onion rings. They are a product of the Frito-Lay Company. They were named "Funyuns" by University of North Texas professor and copywriter, Jim Albright, after it was discovered that the first choice of name for the product, "OnYums" had already been taken. Funyuns are deep-fried rings of enriched corn meal-based material that are coated(v. 涂上一层) with pungent, pale yellowish, onion-flavored powder. In 2006, the "window cutout" showing the actual product inside the bag was replaced by a photograph of the product, falling in line with the design of the rest of Frito-Lay's product line. The big-bag Funyuns was one of the last Frito-Lay brands to completely phase out(v. 逐步淘汰) the "window cutout". 1969 年百事可乐的菲多利推出的 Funyuns 牌洋葱味小食品。需要指出的是 '百事并不只是生产饮料' 在 69 年就提出了 '—你们的生活丰富多彩' 百事的产产品同样丰富多彩—'的广告主题。这点国内的朋友可以了解的要少一些。Chandler 因为父母在感恩节那天宣布离婚 '从此之后 Chandler 就对所有的宗教色彩节日反感' 于是 Monica 给他装了西红柿汤、烤奶酪以及一些小食品给他。

So I guess what I'm trying to say is that I'm very thankful that all of your Thanksgivings sucked.
