8.07 The One With The Stain

Chandler hires a maid (Brenda), but Monica isn't sure she wants anyone else cleaning the apartment.

She becomes convinced that the maid is stealing clothes - her stained jeans and her bra.

Eric breaks up with Ursula and starts seeing Phoebe.

The relationship starts a little weird, because Eric (upset from the break-up) gets angry when he sees Ursula... or her twin.

It crosses the line when Ursula comes by and he has sex with her, thinking it's Phoebe.

Rachel looks for a new apartment so she can have her own place once the baby comes.

Ross helps Rachel stake a claim(v. to make it clear that you want something, and that you think you deserve to get it) to an apartment in his building, occupied by a woman (who only speaks Dutch) on the verge of death.

But Rachel decides not to move.

[Scene: Monica and Chandler's, Chandler is sitting in the living room as Monica enters.]
