9.13 The One Where Monica Sings

Ross is upset that Rachel kissed Gavin, but is hesitant to talk with her about it.

Rachel is worried that it was the wrong thing to do, and unsure about her relationship with Ross, but is hesitant to talk with him about it.

Ross tries to move on;

he hits on every woman around, and hooks up with a weird one (Michelle).

When Ross and Rachel finally do talk, it's all negative, and Rachel decides to move back in with Joey for a while.

Joey needs new head shots, and his photographer advises him to get his eyebrows waxed.

The pain is too much, so he only gets one done.

Chandler helps him out by doing the other one, with suprising skill.

Even so, Joey looks really strange.

Phoebe and Monica go to Mike's piano bar where the patrons(n. 赞助人) sing.

She decides to perform;

The crowd really loves her, because the spotlight makes her shirt transparent.

[Scene: Chandler and Monica's]

Chandler: Hey!

Ross: Yeah! Yeah! OK! Sure! Look! Can we... can we talk about what happened here last night?

Chandler: Sure! Just give me a second to get all huffy and weird like you! Do you believe that whoever did something over here last night did what they did or didn't do ...I mean come on!

huffy adj. 怒气冲冲的

Ross: OK you...you really don't know what I am talking about?

Chandler: No!

Ross: OK! Last night after the party I saw Rachel kissing that jerk from her office out on your balcony.

Chandler: Our balcony? Seriously? That's so funny because I told Monica we should put lights on our balcony. And she said "No, no. It's too cold, nobody will go out there." And I said "Maybe if we put some light out there they will"

Ross: Right that's why I came over to talk about. Hum...I saw Rachel kissing some guy on your balcony, even though there were **NO LIGHTS!**

Chandler: So are you gonna...talk to her?

Ross: Why...Why should I? I mean if she wants to move on, that's fine!

Chandler: You know when "That's fine" sounds true when someone yells it and spits!

Ross: No I'm serious. I mean she wants to date people? Fine! I don't care but...at least she could have told me. You know I...I've been putting my life on hold and just concentrating on Emma but if she wants to go out there kissing guys she barely knows, then so will I ! Very funny! Ross is gay! Ah! Ah!

put sb(sth) on hold 缠住某人 占据某人[eg:Do not put me on hold again, please!]

Chandler: No no no. Good. So you're moving on? Do you have any idea where you're moving on to?

Ross: I don't know. I mean I have plenty of opportunity. Just just now there were some women at the coffee house smiled at me. And then the other day on the subway a woman "accidentally" sat on my hand.

the other day adv. 前几天

Chandler: Dude, don't rub my face in your crazy single life!

dude, don't rub my face in your crazy single life!老兄 '别用你疯狂的单身生活刺激我/rub my face here just means don't get me involved. Ross: Well, and how about this? There is an anthropologist at school who totally came on to me during the inter-departmental Potluck dinner.

anthropologist n. 人类学家/come on to sb=hit on sb/inter-departmental adj. 系之间的/potluck n. 家常便饭

[Scene: Central Perk]

Joey: Hey! Let me ask you guys something. I have a new headshot taken tomorrow right? And the photographer said she thinks I should have my eyebrows waxed. Is that weird for a guy?

head shot<俚>Actors or models often include, or are required to include a head shot, along with other photographs, when applying for a job. These head shots are usually more artistic, intended to portray the subject in the best possible light. They often have the subject facing slightly or even significantly off-centre(n. 中心错位). A performer will often have several head shots expressing different poses and expressions to give the potential employer an idea of the subject's potential range of appearances.

Joey: Hey hey! You dye your hair!

Phoebe: I'm a woman!

Joey: Arghhh! Double standards!

double standard n. 双重标准/people say double standards if a man can do something but a woman gets criticized for doing it. or a woman does something that a man gets criticized for. another example: a man wakes up early every day to make sure his hair is just right. a girl might think he cares too much about his appearance and

call him vain...even if she does the same thing. if he finds out that she does the same thing, he might say "err, why are there double standards." society doesn't allow the same behavior for some things, so its okay for one sex but not the other.
